Air Ships--

Judge Prowse did not make his Air Ship in a day. He did lots of dreaming and lots of hard work to make his dream come true. Thousands of people scoffed at the idea of a Hopkinsville and Christian county boy making an air ship that would fly. Today his highest expectations have been realized and every citizen rejoices with him in his success. It's a boost for the good old county of Christian. It's an Ad. that will continue to let the people of the United States know that Hopkinsville is on the map.

Our Dream--

We have dreamed that some time in the future we would sell half a Million Dollars a year in our Big Department Grocery. Lots of people smile and think that we are either fools or dreamers. We are increasing our business every month. Our cash sales average \$115 a day more now than they did one year ago. We are working and when we reach the high mark it will be a boost for every citizen in Hopkinsville.
